

Wymondham is a friendly but ambitious club where new players of all abilities and ages are assured of a warm welcome. Although we are very serious, as a club, about reaching the highest standards we can, we all subscribe to the idea that rugby is to be played with a smile on the face! In other words, as amateurs, the main reason we play is for enjoyment and we try never to forget that...

At adult level, we have three men's teams competing regularly with the 1st XV currently participating in Eastern Counties League One where we play local rivals such as Crusaders and Mersea Island who are rather further afield.

The 2nd and 3rd XV's are both thriving and ply their trade in the Norfolk Merit Leagues where there is a good standard of rugby but travelling is more limited.

The Veterans XV plays occasional fixtures throughout the season (recovery time is slightly longer!)

Wymondham Wasps, our Ladies team, which is our newest addition is really taking off with a full programme of matches and entered League competition in 2011.

Touch and Tag rugby is also played. These can be played by all genders ages and shapes! Have a look at the details under 'Teams' in the navigation bar at the top of the page.

The club runs one of the largest and most successful Youth & Mini sections in the Eastern Counties with teams operating from Under 6 to Under 19. Training and fixtures take place on Sunday mornings from 10-12pm for the Under 6 to Under 16 age groups and also on Wednesday evenings 7-9pm for Under 13 - Under 17s.

All coaches and helpers are suitably qualified and, where necessary, CRB checked and our Safeguarding Officer ensures with the Club's full backing, that all those yet to reach adulthood train and play in an environment that is as safe as we can possibly make it.
