

Playing facilities at Wymondham currently consist of two full sized pitches, a small training area and a minis pitch used for the younger members.

There is a single story clubhouse with a bar, social area and small kitchen and four changing rooms with one communal shower area. There is a small changing room for officials.

There is a car park for 100 cars which is also used by the Norfolk Police as an overspill car park during the working week.

During training sessions and matches the clubhouse and bar will be open. Spectators and parents of youth/minis are welcome to sit and watch TV with a drink from the bar or a warming hot beverage, and maybe a bacon roll from the kitchen.

Wireless internet access is available, ask for the code at the bar.

Clubhouse facilities are available for hire
